Fort Worth, TX 76104

I just wanted to make a few positive comments about your well managed facility and my stay there from 8/10 to 8/23/12.

Valerie Graves, PT, and her team

- Initially I had bad balance, weak legs, and weak shoulders.
- Valerie and her staff worked with me daily on both – I now can walk anywhere like a healthy person with strength and confidence. I am now excited about living the rest of my life with my beautiful wife, Judy – I plan to conquer the world in my lifetime (figuratively). I am very grateful to them and Texas Health Resources.
- Her team was 100% supportive, beautiful smiles – never a negative vibration. Team members that I can remember: Avalon, Hannah, Victoria, Linae, Heather, Kacey, Justin (drill instructor in his prior life), Stephanie.
- I saw Valerie work patiently and intensely with an elderly lady- she brought the lady out of her shell and had the lady participating in the program.
- I saw others of her staff do the same thing – infinite patience, loving challenge, hope where no hope was prior to their effort.

Morgan Smith, Speech Therapist

- Morgan started me with Deductive Reasoning and other problems – initially I simply could not solve them.
- She taught me how to approach the problems in a systematic manner. By the time of my discharge I was able to solve most of the problems much faster and correctly – gives me more confidence I can continue to work for many years to come.
- She designed unique tests related to my many years of accounting to help her be satisfied that I can one day return to work.
- Finally she showed me how to find lost words and connections and to use more appropriate words in my conversation – I am very grateful again.

Allison Johnson, Nutritionist and Arthur Wilson, Chef

- Food was excellent every meal – I told the chef he belongs on Food Network.
- Allison visited me at my room to verify my satisfaction with meals.
- She gave me information sheets on low fat, low sodium meals as well as answering questions I had about nutrition.
- I am very grateful again.

Nursing staff, Housekeeping, and Case Manager - all excellent.

The long and short is that you run an excellent facility with excellent people with high morale from top to bottom. I will always be grateful and hold good memories of my stay there.

If I can ever help Texas Health Rehab of Fort Worth I will certainly want to do so. You have my permission to use this letter in any manner to encourage your staff or to send up line at Texas Health Resources.

A handwritten signature in black ink that reads "James B. Welch". The signature is written in a cursive style with a large, looping initial "J".

Reference my prior letter of 8/31/12.

In my haste to issue the letter I forgot one very kind and capable therapist who helped me: Brandi. Brandi along with the rest of the staff was very helpful to me.
